

NAWMP Stakeholder Input  
Workshop  
Edmonton, Alberta

Objectives Classification

# 1. Promote a conservation ethic in the general public

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 2. Maximize waterfowl harvest

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

### 3. Maximize hunter satisfaction

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 4. Promote non-consumptive uses of waterfowl

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 5. Maintain landscapes capable of sustaining waterfowl populations in perpetuity

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 6. Increase the understanding of ecological mechanisms driving changes in waterfowl abundance and waterfowl landscapes

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 7. Expand the sources and amount of funding for waterfowl conservation activities

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 8. Perpetuate the tradition of waterfowling

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 9. Minimize harvest of under-abundant waterfowl species

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 10. Minimize loss and degradation of wetlands and associated uplands

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 11. Provide more public hunting opportunities

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 12. Minimize the detrimental effects of over-abundant populations (e.g. depredation, habitat destruction)

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 13. Maintain/establish regulations that are simple and will lead to high compliance rates among hunters

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 14. Maintain healthy waterfowl populations as part of the North American fauna

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 15. Maximize ecological goods and services derived from wetlands and associated uplands managed for waterfowl

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 16. Increase public support for waterfowl conservation

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 17. Increase waterfowl hunter participation

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 18. Ensure that no species of waterfowl falls below population levels necessary for long-term viability.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 19. Increase and improve duck breeding habitat

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 20. Ensure cooperation among jurisdictions (state, flyway, partners, etc.)

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 21. Increase and improve duck wintering habitat

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 22. Maximize the efficiency and effectiveness of the infrastructure and funding for waterfowl conservation

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 23. Provide maximum hunting opportunity

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 24. Maintain the social license to hunt

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 25. Increase duck recruitment

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 26. Increase and improve duck migration habitat

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

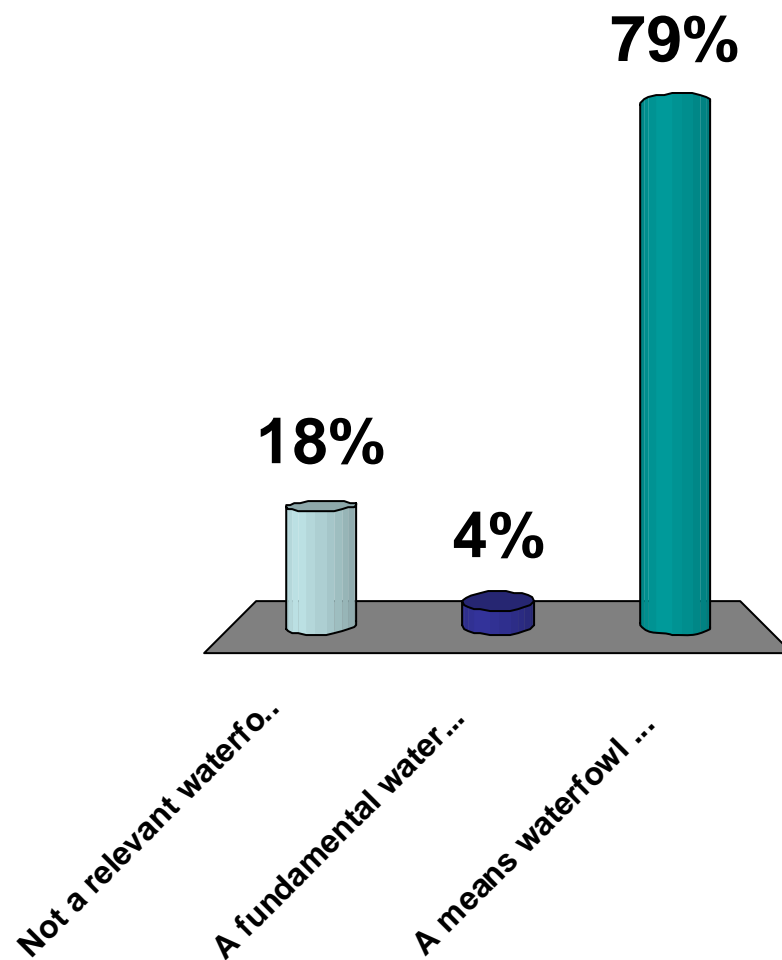

## 27. Reduce mortality from disease and contaminants

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 28. Maintain a broad fall and winter distribution of waterfowl

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 29. Establish the infrastructure needed to ensure coherence in waterfowl management

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 30. Formalize the institutions needed to incorporate human dimensions into waterfowl management decisions

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 31. Increase hunter education and communications efforts

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 32. Increase the understanding of the role of human dimensions in waterfowl management decisions.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 33. Increase stakeholder communications effort.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 34. Increase restoration of wetlands and associated upland habitats.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 35. Collaborate/integrate the NAWMP with other environmental initiatives.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

36. Ensure the NAWMP is adaptable to long term changes in environmental conditions e.g. climate change.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 37. Minimize impediments to new hunter recruitment.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 38. Maximize harvest of overabundant species while maintaining public support.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 39. Effective management/control of non-native invasive waterfowl and plant species

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 40. Increased engagement with private land owners

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

# 41. Maximize conservation of biodiversity while managing wetlands and associated uplands for waterfowl

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 42. Maintain and establish land managers' support for conserving wetlands and associated uplands.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 43. Expand partnerships that fund and deliver waterfowl conservation initiatives.

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective

## 44. Better understanding of the socioeconomic factors (such as land use changes) influencing changes in waterfowl habitat

1. Not a relevant waterfowl management objective
2. A fundamental waterfowl management objective
3. A means waterfowl management objective
